Heaven

Lyrics, Music, & Vocals by Michele McGovern

Verse 1:
Am Am/F G Am F G
Have you ever wondered what heaven will be like?
Am Am/F G Am
Have you dreamed about what lies beyond the stars that fill the night?
Dm Am
I've heard about the mansions, and the streets all paved with gold
Dm Esus E
But I would give that all away just to stand before your throne

Chorus:
C G/B Am
I just want to see your holy face
F F/G C G Am
And to be held close in your embrace
Am/G Dm C G
Just to hear you say well done my child
F G Am (1st ending) (C – to bridge)
And to know my life has made you smile (end: C Am F F/G C)

Verse 2:
Am Am/F G Am F G
It's not enough to barely make it through the pearly gates
Am Am/F G Am
Or to call upon your name just before it is too late
Dm Am
When I come into your presence and you look into my eyes
D Esus E
I want to know that I have answered the call upon my life

Bridge:
Dm Am
When I reach the day of judgment, I don't want to hang my head
Dm Am
at the thought of gifts I've wasted or things I should have said.
Dm Am
So let heaven now remind me that this world is not my home.
Dm Esus E
That I might strive to be a child you'd be proud to call your own.
